The theme for National Library Week 2024, “Ready, Set, Library!,” promotes the idea that in our always-online world, libraries give us a green light to something truly special: a place to connect with others, learn new skills, and focus on what matters most. Find your crew at your library’s author talks, workshops, and book clubs.

No matter where you find yourself on the roadmap through life’s journey—preparing for a new career, launching a business, or raising a family—your library provides an inclusive and supportive community where everyone belongs.
